Forester,  
Washington, D. C.

Dear Sir:

Referring to your letter E21 Maps, Lincoln, Geographic  
Names, January 23:

Inasmuch as the Alamogordo Commercial Club, which started  
the original idea of a change in the name of the mountain Sierra  
Blanca, has withdrawn its former recommendation, it seems advisable  
to drop further consideration of the matter. I may say, however,  
that the evidence the District Forester furnished this office,  
which was forwarded by you, relative to the correctness of the  
name Cerro Blanco, is sufficiently clear to be accepted as correct.

Very truly yours,

Will C. Barnes,  
Secretary.
